

CELSI 
...the future of fire

PREMIUM ELECTRIC FIRES COLLECTION 2023

WELCOME TO CELSI

At Celsi we know how important it is to create a stylish and relaxing living environment. That's why we've developed this collection of premium electric fires.

I believe our success stems from a combination of innovative design, investment in technology and the highest quality manufacturing standards. To reflect my belief in their quality and durability, Celsi fires carry a minimum of 2 years guarantee, with some models extended by a further 3* years limited warranty.

This brochure has been designed to make the purchase of your new Celsi heater as simple as possible.

I hope you find it both informative and inspiring.

There is no more versatile fuel for home heating than electricity

With a range that includes beautifully crafted electric suites, feature wall smart fires, classically styled hearth inset fires, and contemporary stove designs, there is a Celsi fire to suit any home. Best of all you are free to enjoy any of these fantastic heating appliances in any room in your home simply by plugging into the nearest mains socket.

To learn more about the features and benefits of owning a Celsi electric fire please sit back and take a few moments to look through our Advanced Features section, along with our technology introduction to assist you in choosing your perfect Celsi fire experience.

ADVANCED FEATURES

THERMOSTATIC HEATING

Pre-set your heat comfort level for automatic temperature control via the handset.

TIMER FUNCTION

Programmable 7-day heating timer with hourly on/off control.
Up to 8 hrs sleep timer facility available on some models.

LED EFFICIENCY

From controllable flame picture and fuel bed brightness, to colour changing mood lighting, our onboard LED's ensure effective energy saving low power consumption.

ISOFLAME

Independent flame effect capable of displaying in isolation when no heat is required from the appliance.

CELSI SMART APP

Feature-rich and simple to operate. Control your fire from your smart phone or tablet with full handset functionality.
Download our app! See Page 8

FLAME FUSION

A captivating fusion of soft and natural yellow flames with an attractive flare of blue flame intensity.

COLOUR CYCLE

Fix your favourite or go dynamic as you cycle through an array of impressive colour changing options.

MOOD LIGHTS

Enhance your experience with an ambient stream of colour rich LED back lighting. Select from a choice of colours to compliment both warm and cool home interiors, or simply to suit your mood.

REAL WOOD

100% Real Wood Logs, natural, authentic, and unique. Accept no imitations!

We are confident you are getting a product that is built to last. That's why we offer a 2 Year full Guarantee across our electric fires range, with an extended 3*years limited warranty on selected Celsi models.

ECODESIGN COMPLIANT

Integrated design features for optimal energy saving performance and assurance.

Virtual Reality – Smart & Advanced Flame Projection

Smart connectivity, colours, and configuration raise the appearance and functionality of electric fires to a new level. See Feature Pages 74-75

Advanced Flame Projection Technology creates a flame illusion to the front, the centre, and the rear of the fuel bed. This simulates a totally natural log fire effect.

REAL WOOD LOGS

NATURAL FIRE RANGE

CELSI have taken Ultiflame Virtual Reality fires to the next level. Our most successful natural flame effect is now further complemented with a maximum depth exciting arrangement of real wood logs fixed into a lively 'Active crystal ember fuel bed'

The fire realism is sensational, and the natural wood log arrangement is visually stunning.

This next generation electric fire effect is available in a range of contemporary Firebeams and Suites, each including integrated dimmable LED lighting.

REAL WOOD

100% Real Wood Logs, natural, authentic, and unique. Accept no imitations!

Active Blazing Embers

Our Firebeam models include wall mounted beams smartly framed by sleek glass with chrome fittings that totally complement this product.

For a larger feature wall suite see our 'Firebeam XL' models, these provide a luxury feature fireplace that requires less wall depth for easy installation.

For a completely fuss-free installation our freestanding suites only require the need to place down and plug in.

CELSI Ultiflame VR fires are premium products with integrated design features for optimal energy saving performance and assurance.

CELSI

SMART FIRES

CELSI SMART Electriflame Virtual Reality fires.

Next generation Flame Projection technology creates the flame illusion to the front, the centre, and the rear of the fuel bed. This simulates a totally natural log fire effect that raise the appearance and functionality of electric fires to a new level.

COLOUR

E-VR Smart Fires have **16 individual colour vibrant options** to customise the light ambience on flames, logs, and crystal embers.

Using the handset, or Smart App select from a range of pre-set colour modes to simplify your choice, or enjoy a slow cycle through the colour spectrum in our fully immersive **Animation mode**.

CONFIGURATION

This range of **built-in 3-sided glass models** offer the perfect solution for your feature wall. Available in three sizes **1000, 1250, and 1600**.

E-VR Commodus Smart fires are supplied with side blanking panels giving you the option to customise your installation by converting from a 3-sided fire, to a 2-sided left or right configuration, or to simply install as a single glass fronted wall inset fire.

CONNECTIVITY

CELSI SMART APP

Feature-rich and simple to operate. Control your fire from your smart phone or tablet with **full handset functionality**.

DISCLAIMER

Our policy is one of constant development and improvement. We therefore reserve the right to revise designs and specifications of our products without formal notice, patents pending. We always recommend our products be viewed in an approved showroom before purchase. Whilst we have taken every care in the preparation of this brochure it is not intended to replace the installation manual which provides more detailed information.

Photography is for illustration purposes only and although every effort has been made to ensure accurate reproduction of typical installations and flame pictures they may vary according to fire model and flue types.

We accept no liability for any loss or damage arising directly or indirectly from the use of this brochure.

We recommend that all our fires are used in conjunction with central heating and not as a primary source of heat.

In the interests of personal safety a suitable fireguard is recommended when children, the elderly and the infirm are present.

This brochure is copyright 2022/23 and must not be reproduced in whole or in any part without prior written permission.
